Registrations started from 18th August 2022.

The entire process was held online.

Round 1 - 23th August 2021

Aptitude test of 3 hrs conducted through AMCAT.

The Aptitude test had 3 sections - English Comprehension, Logical Ability and Quantitative

The test was section wise, first you have to complete the first section then you can proceed with the next section.

134 candidates were shortlisted for Analyst Role and 16 students for Cloud Engineering Profile. 26th August 2021.

Pre placement talk was before the interview for shortlisted candidates in the morning.

*One day prior to the interview we had a spreadsheet shared with us which had the details like

panel , interviewer, interview timings etc. From this spreadsheet I searched for my interviewer and kind of knew what questions he would ask for the interview based on his linkedin profile and prepared accordingly.

Round 2 - 26th August 2021

Interview(Technical + HR) 20 to 30 mins

Questions were different for different panels.

- 1)Details about the project mentioned in the resume.
- 2)Explain SDLC in terms of your project
- 3)Explain different testing techniques used in your project.
- 4)Some questions about DBMS,SQL queries.
- 5) Good amount of questions on joins.
- 6)Some basic HR questions-scenario based questions..
- 7)Any questions(I asked one question)

At 6 pm, the selected candidates were called on zoom and informed that we were selected.

Total students placed - 64 for Analyst and 5 for Cloud Engineering

Mention only the projects you are really familiar with. The overall process was very easy and maximum students got placed.
