Registrations started from 18th August 2021.

The entire process was held online for the 2023 batch.

Round 1 - 23th August 2021

Aptitude test of 3 hrs conducted through AMCAT(refer previous year questions)

3 sections -

English Comprehension - easy to moderate

Logical Ability - easy to moderate

Quantitative - moderate

The test was section wise like first you have to complete first section then you can proceed with the next section and same implies with the questions like in first section first you solve 1 question after submitting that question then next question will appear (for further process like how platform works you can also search on google before giving test so you will get idea)

134 candidates were shortlisted for Analyst Role and 16 students for Cloud Engineering Profile.
26th August 2021

Pre placement talk was before the interview for shortlisted candidates in the morning.

Round 2 - 26th August 2021

Interview(Technical + HR) 20 to 30 mins

Interviews started at 10.50 am. Mine was at 12:30 pm.

Questions were different for different panels.

- 1) Explain about any one project
- 2) Explain SDLC in terms of your project
- 3) Explain different testing techniques used in your project
- 4) Some questions about DBMS, SQL queries.
- 5) Some basic HR questions-Where do you see yourself in 5 years.
- 6) Any questions(I asked two questions)

At 6 pm, the selected candidates were called on zoom and informed that we were selected.

Total students placed - 64 for Analyst and 5 for Cloud Engineering

Mostly the aptitude questions are repeated from previous years. Be well prepared with each and every part of your resume. Mention only the projects you are really familiar with. The overall process was very easy and maximum students got placed.
