Placement Process

Round 1 : MCQ and Coding Round

Round 2 : Technical Interview

Round 3 : Technical & HR Interview

Round 1 : MCQ & Coding

1. MCQ
 - a. OOPS & basic programming concepts
 - b. Quants
 - c. Statics
2. Coding

Easy to Medium Level (DP question was asked at my time)

Round 2: Technical Interview (15 min)

1. Introduction
2. Internships
3. Basics of SQL (Joins, ACID Property).
4. OOPS
5. Projects

Round 2: Technical & HR Interview (30 min)

Technical Round (by Vice President)

- Questions related to projects
- ML Algorithms
- Accuracy and Scalability

HR Round

- Easy level questions (refer Indiabix)
- Go through PPT of Pre Placement Talk most of the question were from it.

Tips

- Keep yourself motivated (sab ka ho raha hai mera q nahi)
- I had applied more than 1000 companies off campus but got placed from the on campus .
- On campus placement me bahut log honge jinko kuch nahi aata still get nice package so luck factor is also important.
- Keep yourself calm and try to work on your mistakes.

Thank You
