TCS NQT

- TCS Placement process was off campus.
- For the batch of 2024 TCS conducted TCS NQT 2024 (National Qualifier test) which is a CBT test like any other competitive exam and students who qualified this test were called for personal interview rounds, final offer letter then was given to students selected in these interviews.
- TCS NQT Exams were conducted in the month of february, results of the test were announced by end of May and interviews were conducted in June. Final results were conveyed a month later

JOB ROLES

TCS offered three job roles

- 1.) Prime CTC 9 Lakhs
- 2.) Digital CTC 7 lakhs
- 3.) Ninja CTC 3.36–3.7 lakhs

Students were assigned Interviews for any of these roles based on their performance in the TCS NQT Exam. Their selection into the same roles (or in degraded or upgraded roles) were subject to their performance in the interviews

Prime

CTC for Prime UG Offer – 9.0 LPA

CTC for Prime PG Offer – 11.5 LPA

- Complex projects with advance technologies and algorithms
- Exploration of emerging tech for industry applications
- Integrate system designs using tech, automation, and robust security practices

Digital

CTC for Digital UG Offer – 7.0 LPA

CTC for Digital PG Offer – 7.03 LPA

- Projects on solution development and integration
- Drive internal initiatives focused on modern technologies
- Contribute to TCS' ventures in pioneering new product developments
- Develop tech frameworks and tools for enhanced capabilities

Ninja

CTC for Ninja UG Offer – 3.36 LPA

CTC for Ninja PG Offer – 3.53 LPA

- To manage and support application development and management
- Enhance systems engineering for better efficiency
- Explore next-gen technologies for an innovative career path

TCS NQT EXAM DETAILS

<https://www.geeksforgeeks.org/tcs-nqt-exam-preparation-and-guide/>

NQT EXAM EXPERIENCE AND TIPS

- I solved 60–70% of the aptitude questions, completely passed all test cases of one coding question and passed 2/5 test cases of other one, and i was shortlisted was prime role
- Aptitude and coding questions were moderate to hard in nature.
- For aptitude practising aptitude topics and taking test papers are important every section has time restraint and you need to solve aptitude accurately and timely
- For coding simple to moderate DSA problems and basic data structure practice should be enough

TCS PRIME INTERVIEW EXPERIENCE AND TIPS

- For Prime you have only 1 round, 3 people take your interview(TR+MR+HR), for digital and ninja 1st round is taken by TR+MR and people who qualify this are sent for HR Interview
- My interview started with Introduction and went entirely on my resume.
- Questions were asked to me in depth on topics like Blockchain, CNNs, GenAI, Machine learning and even one of quantum computing
- Real Life practical applications of ML – Models were asked, and i was asked to layout steps to build a model which solves the problem they give.
- Usually Prime Students are asked 2–3 moderate to difficult coding questions as well but i wasn't asked any.
- For MR i was asked why tcs, handling stress situations, expectation from job and knowledge about the same. My interview lasted for around 50 mins
- Only way to excel in Prime interview is to be thorough with your resume, your projects, core subjects and DSA problem solving

FINAL RESULTS

- Out of many students who gave the NQT Exam , 79 students cleared the test from VESIT(41 for Ninja , 29 For Digital , 9 for Prime)
- Out of all these 79 students , 43 were offered from TCS (30 For Ninja, 12 from Digital , 1 for Prime)
- I was offered TCS Prime , CTC 9LPA , position offered was Systems Engineer Grade C1.
