EDUCATION

Bachelor of Engineering in Information Technology .

(2021-2025)

Vivekanand Education Society's Institute of Technology .

CGPA(upto semester 6) : 9.47

HSC

Passing year - 2021

Matoshree Probodhini Junior College,Thane.

Percentage : 96.33

SSC

Passing year - 2019

Saraswati Education Society's High School & Junior College, Thane.

Percentage : 92.04

LANGUAGE PROFICIENCY

English, Hindi, Marathi -
Advanced

ACHIVEMENTS

- **Gold Medal at Aavishkar'24 Research Convention.**
(Mumbai University)
- **Represented Mumbai University at Aavishkar'24 State Research Convention.**
- Completed **3 exams** of **Hindustani Classical Music** .
- **1st in Band Performance** in Annual College Fest Utsav'24 and Music Event Octaves'24. **Runner Up** in Voice of VESIT'24.

CERTIFICATE

Advanced Learning Algorithms by DeepLearning.AI & Stanford University from Coursera

SKILLS

Languages:

Java ,Python, JavaScript

Frameworks:

MERN Stack, Tkinter

Databases:

MongoDB, MySQL, SQLite

ML Libraries:

Numpy, Pandas, Scikit-Learn

Matplotlib

Soft Skills:

Collaborative, Multitasking, Articulate, Adaptability, Analytical

EXPERIENCE

• AttoInfotech LLP.

FULL STACK DEVELOPMENT INTERN : October 2023-April 2024

- Developing a personalized travel itinerary for desired locations according to user's preferences, interests, and budget constraints.
- It generates an itinerary in a minimal cost of Rs.0.08/-

• National Society For Equal Opportunities For the Handicapped(NASEOH), India.

SOFTWARE DEVELOPMENT INTERN : January 2023-June 2023

- Designed a desktop application for placements held in the organization catering specific needs of the organization which provided various filters.
- Worked with data of over 3000 entries.

• VESIT Music Council.

Jr.Deputy Music Secretary : July 2022-March 2023

Participated in planning and organizing 3 music events of our college, Bliss Octaves and MisFit with a footfall of 500 people in each.

• Developed Nation's Network Trust.

NGO Volunteer : July 2023 -September 2023

Did coaching of 40 students on MS excel, PowerPoint, Word and related computer skills.

PROJECTS

• Personalized Travel App

(MERN Stack | OpenAI API | Leaflet for Maps | Supporting APIs)

- Developed a web application to generate personalized travel itineraries based on user preferences and budgets.
- Integrated the TripAdvisor API to facilitate hotel bookings.
- Implemented weather prediction features using various parameters to provide accurate forecasts.
- Mapped nearby hospitals, restaurants, and cafes using Leaflet for enhanced user convenience.

• Placement Management App

(Python - Tkinter | SQLite)

- Designed an application to maintain records of students applying for placements, company profiles, and overall placement statistics.
- Implemented search, add, and delete functionalities to enhance system usability.
- Developed features to create and upload Excel files and generate PDFs for streamlined data management.

• Airline Reservation System

(Java | MySQL)

- Developed an application to enable seamless booking, managing, tracking, and cancellation of flights.
- Integrated a waiting list feature to enhance user experience and optimize booking processes.

• IPL Score Prediction

(Python | Scikit-Learn)

- Developed and evaluated models to predict the probable range of runs in an IPL match using Linear Regression and Random Forest Regression..
- Compared the performance metrics of both models to determine the optimal algorithm for this prediction task.
