EDUCATION

Computer Engineering

VESIT [C.G.P.A - 9.73 (Relative) Till 6th sem]

2021 – 2025
Chembur

PROFESSIONAL EXPERIENCE

Software Developer Intern, XangarsInfraTech

05/2024 – 08/2024

- Developed Invoicy, an AI-powered invoice processing system offering cost-effective per-page processing, leveraging OCR and NLP technologies for accurate data extraction from physical invoices.
- Designed and developed an application enabling websites to create chatbots using a RAG pipeline and advanced web scraping techniques.

Software Developer Intern, Grame Labs

06/2024 – 07/2024

- Worked on a SaaS product (ReelerAi [↗](#)), managing both backend and frontend development, and optimizing the frontend.
- Reduced background video processing time from 7 seconds to 3 seconds, integrated AWS Polly voices for customizable background music, and optimized overall backend functionality.
- Improved frontend stability using Context API and modularization of the code.

PROJECTS

BillWise [↗](#)

- Automated document processing for expense management, financial analysis, digital record-keeping, customer service, data visualisation, personal finance management.

VideoAI [↗](#)

Chrome Extension

- Developed a Chrome extension using Plasmo to fetch and display YouTube video transcripts, summaries, and interactive chat features.
- Utilized OpenAI models for generating video summaries and enabling chat with video data for enhanced user interaction.

Share A Meal [↗](#)

- Engineered an intuitive web platform that connected food donors with recipients, utilizing intelligent matching algorithms and real-time notifications to streamline food donations and minimize waste.
- Developed a comprehensive database and enhancing data management, community engagement, and tracking donation metrics to foster greater participation and impact.

SKILLS

- Technologies : (Git, GenAI, MERN stack, AWS, App Development)
- Languages: (C++, Python, React Native, SQL)
- Tools: (Github, Firebase, MongoDB, Hygraph, Postman, AirTable, Unreal Engine, Unity, Figma)

POSITION OF RESPONSIBILITY

Placement Coordinator

- Served as a liaison between the TPC and students, ensuring smooth information flow and timely updates.
- Demonstrated strong organizational skills by coordinating multiple placement activities and events simultaneously.

ACHIVEMENTS

1st Runner Up in HackX 2.0 Hackathon

GDSC NMIMS

2024
Navi Mumbai

Competitive Coding: Coding Ninjas

2 times College Topper
