Technical Skills

- **Technical :**
 - Languages :-** Java , Python , C, C++
 - Frontend:-** HTML , CSS , JS
 - Frameworks/Libraries:-** React, Bootstrap, Django , Express, Flask
 - Backend :-** SQL , Nodejs
 - Database:-** Mysql , MongoDB
 - API :** creation and testing (Postman)
 - Machine Learning :** Supervised , Unsupervised and Reinforcement Learning
 - Devops:** Git & Github
- Certifications :** [Javascript](#) , [Postman API](#)

Soft Skills

Effective Communication: Demonstrated strong communication skills as the Music Incharge for 2 years and LBS (Looking Beyond Syllabus) Coordinator, coordinating with event participants, event organizers and audiences to ensure smooth performances and enjoyable experiences.

Leadership and Organization: Successfully managed logistics and coordination as the LBS (Learn Beyond Syllabus) coordinator, scheduling, and supervision during competition

Collaborative Teamwork: Actively participated in hackathons (Invictus / Syrus), contributing innovative ideas and collaborating with diverse team members to develop and implement creative solutions within tight deadlines.

Networking and Relationship Building: Leveraged interpersonal skills as a Campus Ambassador for Internshala, building relationships with students, faculty, and industry professionals to promote internship opportunities and facilitate career development initiatives.

Adaptability and Empathy: Exhibited adaptability and empathy during my tenure with two NGOs. At HTF, I provided support in distributing clothing, food, and teaching underprivileged students, tailoring my approach to address the unique needs of each community served. Furthermore, at MESCO, I facilitated alumni connections with organizations by conducting phone calls to gather feedback about their degree college experiences. This feedback was utilized to counsel underprivileged students at MESCO Trust, showcasing adaptability and empathy.

Education Background

Bachelor of Engineering (B.E)

BE in Information Technology Vivekanand Education Society's Institute of Technology (VESIT) Chembur - 71

HSC:

passing year - 2021
Ramniranjan Jhunjhunwala College

Ghatkopar(w)
Percentage - 86%

SSC

passing year - 2019
Little Flower English high school ghatkopar (w)
Percentage - 86%

Professional Experience

Virtual Maths Lab (Ganit App) COEP :-

Software development Internship based on Java for duration of 6 months. Designed algorithms that generates 200 Mathematics questions each differently along with solved solutions and 6 options out of which only 4 is selected randomly one consisting of right answer compulsorily and fills in excel sheet automatically. Completed 17+ tasks.

Certification : [Certificate](#)

Code Clause :-

Web Development Internship for duration of one month.

Developed two major projects

1) Product Landing Page : A

Tech stack used:- HTML , CSS , JavaScript , Animation

Demonstration :- [Demo-Task 1](#)

2) Portfolio Website:

Tech stack used:- React

Demonstration:- [Demo-Task 2](#)

Certification : [Certificate](#) , [Letter of Recommendation](#)
