

SKILLS

- **Programming Languages:** Core Java, Python, JavaScript
- **Data Structures and Algorithms**
- **Web Dev:** Figma, HTML, CSS, Bootstrap, ReactJS, Django, Flask, Streamlit, MongoDB
- **App Development:** React Native, React expo, React Navigation, Clerk, HyGraph, GraphQL
- **Machine Learning:** NLP, NER, Large Language Models, Langchain, FAISS
- **Cloud Computing:** Microsoft Azure, Amazon Web Services (AWS)

EDUCATION

- **Vivekanand Education Society's Institute of Technology (V.E.S.I.T.)**
B.E. Computer Engineering, 2021 - 2025 Aggregate CGPA (Till Sem 6): 9.45
- **Pace Junior Science College**
HSC, Stream Science, 2019 - 2021 HSC: 88.67%, MHTCET: 97.032 Percentile
- **Shri Mahavir Jain English School**
SSC, 2007 - 2019 SSC: 93.20%

EXPERIENCE

- **Mastek ([Video](#))** Software Development Intern, Legal Department (4 June 24 - 31 July 24)
 - Built a contract analyzer to generate dynamic FAQs and MIS formatted, powerBI and Tableau compatible tables consisting of metadata along with a chatbot to chat with the contracts.
 - Established the Arabic to English translation process of the contracts in house.
 - Made the product available for three models - PaLM, Gemini and Azure's OpenAI.
 - Deployed this streamlit application on Azure App Services and implemented CI/CD workflows using GitHub actions for streamlined updates and continuous integration.
- **Mastek ([Video](#))** (Dec 23 - May 24)
 - Winner of Project Deep Blue Conducted by Mastek.
 - Working on the project since December 2023 under the guidance of senior software engineers from Mastek and college mentor.
 - The product is an earnings calls analyzer and an Annual Public Reports chatbot with other features.
 - Later, improved the documents processing efficiency by 91.25%.
- **Dabotecs India Pvt. Ltd. ([Video](#))** Web Development Intern (1 Dec 23 - 31 Dec 23)
 - Providing creative solutions in the form of web applications based on the given description and assets.
- **Sai Ganesh Jyotish** Freelancer (Aug 23 - Sept 23)
 - Creation and maintenance of a website that gives details about the services offered, products sold along with other information ensuring a smooth contact between the customer and the owner.

PROJECTS

- **Fincalls - Earnings Calls Analyzer and Annual Public Reports Chatbot (Video)**
A corporate insights platform offering earnings call analysis, report search, chatbot interface for annual public reports, and dynamic data visualization for effective decision-making and stakeholder engagement, driving unstoppable business growth.
 - ❖ ReactJS, NodeJS, MongoDB, Flask, Streamlit, Python, Assembly AI API, NLP, NER, Google's PaLM2, Google Custom Search API, NewsAPI, Yahoo Finance.
- **HEARTHY - make your HEART healthy (Video)**
A website that helps you improve your lifestyle by giving suggestions based on the current lifestyle. Helps in early diagnosis of heart disease based on lipid tests, advanced test reports and ECG images.
 - ❖ HTML, CSS, Javascript, Flask, Machine Learning, Deep Learning, Agora SDK, Google maps API.
- **KidoLearn - An Educational Gaming Website for Kids (Video)**
A gaming website for the children of age group 1 to 5, helping them in object identification, vocabulary and pronunciation; not only in English but also in Marathi and Hindi.
 - ❖ Figma, HTML, CSS, Javascript, Bootstrap, Django
- **PocketCoding**
The primary objective of the app is to provide a convenient and accessible platform for individuals to learn coding and development skills on their mobile devices.
 - ❖ React Native, React expo, Tailwind CSS, React Navigation, Clerk, HyGraph, GraphQL, AdMob
- **Employee Recognition System through Facial Recognition using Free-tier AWS Services**
 - ❖ React, AWS - S3 Bucket, API Gateway, Lambda, DynamoDB, Rekognition, IAM Role

ACHIEVEMENTS / AWARDS

Project Deep Blue 2024, Mastek	Winner		Invictus Hackathon 2023	Top 5 Finalist
Pradarshini 24	Winner		CII Young Designer's Awards	Submittor
Thryve Digital National HealthCare Hackathon 2023, Thryve Digital Health LLP, IFIA Bharat, IIIT SriCity	Top 20 Finalists out of 254 Teams		Ignite Ideathon for Entrepreneurs, ECell, Terna	Finalist
Brandathon'24	Second Position		SP-TBI's Start-a-thon 3.0, SPIT	Finalist
Creative LinkedIn Post, Prepleaf by Masai	Winner		Accenture Innovation Challenge	Participation
Buzzpro'23 Technical Paper Writing	Highest Score		Tata Imagination Challenge	Participation
Buzzpro'23 Technical Paper Contest	Finalist			
UI/UX Designathon, IEEE, VESIT	Second Position
