EXPERIENCE

Software Developer Intern

Star Union Dai-ichi Life Insurance Limited

05/2024 - Present

Task

- Developing a software solution for procurement activities.

Deep Learning Intern

VESIT Renaissance

12/2023 - 03/2024

Task

- Wildlife Monitoring -Developed a software solution which helps to protect the wild animals.

Machine Learning Intern

Knowledge Solutions India

12/2022 - 02/2023

Task

- Iris Classification based on different algorithms.

Jr. Technical Officer

Computer Society Of India - VESIT

01/2023 - 06/2023

Task

- Maintenance of mobile application of CSI-VESIT

Educator

Muktangan Education Trust,Mumbai

07/2023 - 10/2023

Task

- Taught the Scholarship subject to the students studying under Muktangan Trust School.
- [Internship and Certifications - Google Drive](#)

PROJECTS

AI Based Plant Health Monitoring System

- Developed in Flask
- Application of machine learning algorithms

The FinWay-Finance Management Educator

- Developed in Flask
- Backend implemented using MySQL

WhatsApp Chat Clone

- Developed in Java
- Implementation of socket programming

SKILLS

C

Java

Python

HTML5

CSS3

JavaScript

TypeScript

Next.js

React.js

Angular

Node.js

Express.js

SpringBoot

Flask

MongoDB

Firebase

MySQL

Android app development-Flutter

Machine Learning algorithms

Image Processing

Data vizualization

Data Mining

Data analysis

Tableau

Git

GitHub

Jenkins

Docker

AWS

Data Structures

EDUCATION

Vivekanand Education Society's Institute Of Technology-Bachelor of Engineering with Honors in Artificial Intelligence and Machine Learning.
(12/2021 - 05/2025)

Information Technology - SGPI 10/10

Matoshri Junior College -Higher Secondary School Certificate (2019 - 2021)

H.S.C -92.17%

St. Xavier's High School -Secondary School Certificate (2008 - 2019)

S.S.C -91%

CERTIFICATIONS

> Full Stack Web Development MERN stack

> Machine Learning and AI

>Fundamentals of Deep Learning

> Applications of AI for Predictive Maintenance

>Applications of AI for Anomaly Detection

ACHIEVEMENTS

All India Women Only Hackathon (08/2023)

Qualified as semi-finalists

Invictus'23 Hackathon (02/2023)

Special Mention
