EDUCATION

Vivekanand Education Society's Institute of Technology

B.E.—Computer Engineering—Mumbai

2021 - 2025

(CGPA : 8.56/10)

SKILLS

Domain Expertise - Data Analytics, Data Science, Machine Learning

Languages - Python, SQL, Java, R, HTML, CSS

Databases and Tools - MySQL, Power Bi, Microsoft Office, Microsoft Excel.

Soft Skills - Solution driven, Communication, Leadership, Critical Thinking, Adaptive, Analytical Thinking.

WORK EXPERIENCE

Category Data Analyst Intern

May 2024 - Present

The Souled Store, Mumbai

Analysed Female Customer Segment since Jan 2021 by conducting age-wise and custom cohort-wise analysis to better understand Target Audiences Customer Behaviours, Analysed Store Sales for past 8 Month providing insights on future Inventory Planning, Created a report for understanding sales impact for Price Updates on a time frame of two weeks, Worked on understanding Exchange and Returns Behavior.

PROJECTS

Predicting Issues caused by Abnormal Hormonal Changes in Menstruators using Machine Learning

Tech Stack: Pandas, Numpy, Sk Learn, Matplotlib, Seaborn, Graphviz, XGBoost, Flutter, Android Studio, Firebase

- Collected and analyzed medical data from over 150 individuals, employing five advanced machine learning models to achieve exceptional accuracy and insights. Additionally, developed an Android application for database management using Flutter, Firebase, and MySQL, ensuring efficient data handling and user interaction.

Predictive Analysis to obtain a Business Plan for Opening a new Mental Healthcare Institution

Tech Stack: Python libraries like Pandas, Numpy, Scikit Learn, Matplotlib along with Microsoft Excel

- Analyzed a 2M-value dataset with ML to predict ideal locations and demographics, supported by visualizations for the business plan.

Airline Reviews Analysis and Prediction([Github](#))

Tech Stack: Python, BeautifulSoup, Requests, Pandas, Re, NLTK, Statsmodel, Random Forest Classifier

- Conducted a comprehensive project involving web scraping 1000 reviews, data cleaning, and sentiment analysis using Python libraries. Utilized EDA and visualizations to derive insights from customer ratings. Developed a RandomForestClassifier Machine Learning model to predict customer recommendations, highlighting key influencing features.

LEADERSHIP EXPERIENCE

Student Head

December 2023 - Present

Nation Service Scheme (NSS) Unit, VESIT

Led 100 students in community services including beach cleanups, blood donation drives, and awareness campaigns. Focused efforts on Sathenagar, Govandi, supporting the welfare of its residents.

Department Head of Outgoing Corporate Sector

February 2023 - July 2023

AIIESEC in South Mumbai

Managed daily department operations, overseeing staffing and resource allocation. Led teams in customer contact, lead conversion, and ensuring exceptional experiences for those pursuing international internships.

ACHIEVEMENTS

- Ranked within [Top 10](#) Teams among 125 teams in a Pan India Data Analysis Hackathon.
- Obtained certificate of "[Google Data Analytics Professional Certificate](#)" by Coursera.
- Completed "[Data Science Job Simulation by British Airways](#)" on Forage.
- Best Delegate Award in an Inter-College MUN Competition held at DJ Sanghvi College of Engineering.
