| <ul style="list-style-type: none">• Honors in Artificial Intelligence & Machine Learning.• 8.69 aggregate CGPA in the first Six semesters. | | | |

Projects

- **PharmFirst** (II Year, HTML,CSS,JS, MongoDB, Web -Scraping) :
Developed a website that allows users to compare medicine prices from multiple online pharmacies such as Apollo, Medmex, Netmeds, and others. This platform aims to help users find the best prices for their medications conveniently and efficiently. **(07/2022 - 04/2023)**
- **Swastha-Suraksha** (II Year , HTML,CSS,JS,PHP) :
Built a curated [live website](#) for Dr. Meena Chavan, a BHMS doctor, to facilitate online appointment bookings for her clinic. This platform streamlines the appointment process, making it easier for patients to schedule visits conveniently. **(10/2022-04/2023)**
- **Journey-Junction** (III Year, ReactJS, MySQL, Spring Boot) :
Built a website for solo travelers and travel enthusiasts to help them discover and visit local hidden gems. The platform allows users to book their seats on various trips and pay directly through the website, which integrates the Razorpay API. Additionally, users can benefit from our in-house AI chatbot for assistance and support. **(06/2023- 04/2024)**
- **OnTrack**: Experience in [designing](#) the UI of a mobile app in Figma, which caters to the elderly by providing various features such as medicine reminders, natural remedies for common diseases, and many other functionalities. **(08/2023)**

Others

- **Rank Holder in SSC Exam**: Scored 92.70%, also earning a score of 96 in Mathematics. **(03/2019)**
- **Sports** : Have played state-level cricket in 10th standard (VCA-Nagpur) and District level Roller-Skating. **(10/2018)**
