Education

Vivekanand Education Society's Institute of Technology, India COMPUTER SCIENCE CGPA: 9.7	2021 - 2025
Delhi Public School, India AISSCE (Class XII): 97.6%	2019 - 2021
Podar International , India AISSE (Class X) : 95.6%	2018 - 2019

Skills

Java | Python | OOPS | HTML | CSS | Bootstrap | Django | MySQL | Git

Strong Communication Skills | Team Work | Adaptive Learner | Leadership | Adaptive Collaborator

Work Experience

Accenture Summer Intern	May'24-Jul'24
Developed reusable code snippets using Python for efficient data management.	
Conducted data cleansing, transformation, and created analytical charts for informed decision-making, leveraging Python and SQL Server.	
Leaptech Corporation Web Developer	Aug'23 - Oct'23
Worked on the development of an ERP system tailored for Educational Institutes using the Django framework	

Projects

Improving efficiency and speed with CUDA computing(TIFR)

- Implement CUDA-accelerated algorithms for efficient graph formation and adjacency matrix generation, optimizing performance for large-scale graphs.
- Tech Stack - Pycuda, Python

Startup Analysis: Effect of Founders Education on Success

- Conduct in depth analysis on the impact of founders' education on the success of startups, employing a data-driven approach to uncover key correlations and insights.
- Tech Stack - Python,Pandas,Matplotlib

FoodOnline

- Developed an online food item ordering system .Restaurants can register and display their menu and the customers can order food online.
- Tech Stack:Django, HTML, CSS, and Javascript.

Academic and Extracurricular Achievements

- Certification in Python Data Structures and Algorithms from IIT Madras(NPTEL)
- Participated in Hacktoberfest and made 4 successful pull requests
- Certification in JAVA(NPTEL)
- 1st runner up in ATS(Acknowledge the Scientist) organized in college
- Certification of excellence in Python from Coding Ninjas

Positions of Responsibility

CodeCell (Tinkerer's of Computer Department) | Web Developer

- Developed the official website for the technical community, enhancing online presence and accessibility.
- Conducted workshops on various technical topics aimed at educating first and second-year students, promoting awareness and skill development.
