

EXPERIENCE

- | | | |
|---|-------------------------|------------------------------|
| Software Developer Intern | Curomates | May 2024 - June 2024 |
| <ul style="list-style-type: none">Achieved a 12% increase in user interaction and engagement by incorporating gamification features in a React Native app. Collaborated with cross-functional teams to enhance software design.Increased user engagement by integrating CleverTap for app analytics and marketing. Utilizing Firebase for server-side actions in distributed systems. Extensively worked with Firebase Cloud Functions, optimizing and enhancing server-side code quality and readability. | | |
| Mobile App Development Intern | Zymo | Dec 2023 - March 2024 |
| <ul style="list-style-type: none">Develop software applications in Flutter at Zymo with over 100K+ downloads, elevating user experience with an enhanced UI, resulting in an increase in customer satisfaction. Efficiently utilized Firebase for data management.Integrated and managed backend APIs at Zymo, resulting in an increase in the number of cars available by 5000. Additionally, optimized a React and Firebase-based website for improved SEO, resulting in an enhanced SEO score from 47 to 76/100 and improving reach and search engine optimization effectiveness. <p style="text-align: right;">[App link] [Certificate]</p> | | |
| Software Engineering Intern | Navkarsafal Tech | Oct 2023 - Nov 2024 |
| <ul style="list-style-type: none">Developed a mobile app with Flutter and Firestore for optimized package delivery through collective mobility, reducing costs by 21% and eliminating traditional inefficiencies. Additionally contributed to formulating the delivery pricing model.Designed the database schema, integrated Aadhar APIs for traveler verification, and implemented face verification for enhanced security. Additionally, created an admin website and performed unit testing for app. <p style="text-align: right;">[Certificate]</p> | | |

EDUCATION

- | | | |
|--|---|----------------------|
| Mumbai, India | Vivekanand Education Society's
Institute of Technology | 2021 – 2025* |
| <ul style="list-style-type: none">Bachelor of Engineering in Computer Science & Honors in Artificial intelligence & Machine learning | | CGPA: 8.81/10 |

PROJECTS

- Property-Plus** - Created an estate marketplace using the MERN (MongoDB, Express, React, Node.js) stack, featuring robust user authentication. Implemented key functionalities such as connecting with property owners, property listing, removing /updating listed properties, and enabling property upload with detailed information and photos. [Github] [video]
- Travel Planner** - Designed an AI-powered travel website using ReactJS, Firebase, TensorFlow, Flask and Fetch-AI. Featuring image recognition for landmark identification, an Natural language processing chatbot powered by BERT for personalized itineraries, and interactive booking agent to streamline travel arrangements. [Github] [Video]
- Parichay Mahan-Rashtra** - Developed a tourism app offering destination selection, ratings, virtual tours, personalized bucket lists, festival updates, AI itinerary planning, transport booking, monument identification AI, guide recruitment, and admin panel integration. Utilized Flutter, Firebase and Angular experience. [Github][video]

LANGUAGES AND TECHNOLOGIES

- Proficient in Java, SQL C++, JavaScript, Python and Data Structure algorithms [Leetcode]
- Expertise in web development technologies like Tailwind CSS, Express.js, React.js, Node.js, MongoDB and firebase and mobile development technologies like React-Native , Flutter and Firebase.

ACHIEVEMENTS

- Secured the **1st position** in the **Syrus Hackathon** organized by Code-Cell VESIT . [Certificate]
- 1st Runner Up** in **Invictus'24** hackathon organized by ISTE-VESITxQuestIT . [Certificate]
- Secured the **1st position** in the **Pradarshini'24** organized by VESIT IQAC and VESIT-IIC . [Certificate]
- Achieved **5th position** in **Recursion 5.0 Hackathon** organized by RGIT CESS &CODECELL. [Certificate]
- Shortlisted for **Google Solutions Challenge India Regional Bootcamp**. [letter]

LEADERSHIP EXPERIENCE

- Jr. Technical Officer at CSI-VESIT** Contributed in development and deployment of CSI-VESIT **Website** and **Mobile app**. Organized institute tech events with 40+ team size. [certificate] [website link] [App link]
- Speaker at MERN workshop conducted by CSI-VESIT**: Led a 2-day workshop on ReactJS and Tailwind CSS by building a task manager website during the workshop.
