

Harsh Tuli

I am passionate about exploring the intersection of web development and blockchain technology to create innovative, decentralized solutions.

Projects

- 2023-03

Todo Crud
 - Todo CRUD app featuring Firebase authentication for a secure user experience
 - With the ability to register and log in, users can effortlessly manage their tasks by adding, viewing, updating, and deleting todo items.
- 2022-11

Ecommerce Website
 - Made using the react,react-hook and use stripe as a database.
- 2023-07 - 2023-09

Block Gaming
 - This project emerged from a collaborative effort with a randomly assigned team member during a hackathon
 - My primary role in the project involves focusing on the UI design
 - This collaborative project, where I primarily contributed to the UI, secured a second rank in the gaming track during the hackathon.
- 2023-03 - 2023-04

DownSyndrome Detection app
 - Addressed the 'Open Innovation Track' with a focus on 'Ultrasound Image Analysis for Detection of Down's Syndrome', tasked with developing an app.
