## EDUCATION

|                                                                                                       |           |
|-------------------------------------------------------------------------------------------------------|-----------|
| <b>B.E Electronics &amp; Telecommunication</b> Vivekanand Education Society's Institute of Technology | 2021-2025 |
| <b>CGPI: 8.91</b>                                                                                     |           |
| <b>Higher Secondary Certificate</b> , Prabhat Kids School, Akola                                      | 2021      |
| <b>Percentage: 78.8%</b>                                                                              |           |
| <b>Senior Secondary Certificate</b> , Prabhat Kids School, Akola                                      | 2019      |
| <b>Percentage: 84.6%</b>                                                                              |           |

## SKILLS

|                         |                                                                                    |
|-------------------------|------------------------------------------------------------------------------------|
| <b>Technical Skills</b> | Java, Python, ReactJS, Firebase, SQL, C, C++, API, HTML, CSS                       |
| <b>Developer Tools</b>  | VS Code, IntelliJ, Git & GitHub, Postman                                           |
| <b>Soft Skills</b>      | Teamwork, Leadership, Public Speaking, Interpersonal Communication, Accountability |

## EXPERIENCE

|                             |                    |
|-----------------------------|--------------------|
| <b>Project Intern</b>       | 05/2024 to 07/2024 |
| Reliance Industries Limited | <b>Remote</b>      |

- Built user-friendly training application, **boosting creation & enrollment efficiency by 15%**, enabling improved user experience
- Leveraged Firebase to synchronize and manage real-time data, enhancing application efficiency for **200+ users**.

|                                                                 |                    |
|-----------------------------------------------------------------|--------------------|
| <b>Robotics &amp; AI Intern</b> ( <a href="#">Certificate</a> ) | 02/2023 to 08/2023 |
| PNT Robotics                                                    | <b>Remote</b>      |

- Integrated multiple development boards and sensors, **improving the embedded system's performance by 30%**.
- Contributed to a face recognition model using OpenCV, TensorFlow, and Keras, **achieving 90% accuracy in detection**.

## PROJECTS

**Jio Applications** ([Github](#)) ([Demo](#)) ([Link](#))  
*ReactJS, Tailwind CSS, Firebase*

- Designed a training registration website, improving registration efficiency by 15% with UI and automated data submission.
- Enabled bulk .csv file uploads for registration, streamlining data **handling for over 500 users**.

**IoT-based weather monitoring using Raspberry Pi** ([Github](#))  
*Python, Embedded Systems, ThingSpeak IoT*

- Implemented weather monitoring project, **increasing data accuracy by 40%** with real-time local and internet data.
- Used Python and ThingSpeak IoT, **enhancing user interaction and data accessibility by 50%**.

**DecenDrive** ([Github](#)) ([Demo](#))  
*Solidity, ReactJS, Pinata, Hardhat*

- Developed decentralized storage, **enhancing data integrity and accessibility by 70%** with distributed network architecture.
- Utilized Solidity and ReactJS, ensuring secure file upload and sharing, **increasing data security by 60%**.

## POSITION OF RESPONSIBILITY

- **Administrator, VESLang Circle** Worked with a team of **24 individuals** as Administrator of VESLang where we organized **over 5+ events with 60+ participants** to improve language and soft skills among them
- **Senior Member, Tinkerers Lab EXTC** Organized **4 workshops benefiting 100+ students** on microprocessors and embedded systems. Led the council's organizing team and managed the council's social media handles.
- **Database Manager, Day Care Center, Akola** Managed patient records for an NGO, improving data accuracy and coordination among volunteers, **benefiting 50+ thalassemia patients**.

## LEADERSHIP / EXTRACURRICULAR

- Leader at U&I OLH, Awarded Teacher of the Month in the first month of volunteering
- Student Ambassador at LetsUpgrade, Networked with multiple Tech Industry leaders
- Participated and won multiple literature events including Debate, Shayari & Poetry Writing
