goyalhimanshu464@gmail.com | +91 8879623395 | LinkedIn | Leetcode | Portfolio | GitHub

**SUMMARY:** I'm a full-stack software developer with experience in creating robust user experiences. I excel in developing new applications and features, enhancing existing ones, and exploring new technologies. Passionate about problem-solving

## EDUCATION

| Degree                       | CGPA/Percentage | Year                | School/University            |
|------------------------------|-----------------|---------------------|------------------------------|
| Bachelor of Engineering, B.E | 9.10            | Nov 2021 - Aug 2025 | V.E.S.I.T, Mumbai University |
| Class XII, HSC               | 91.66           | Aug 2019 - Apr 2021 | B. K. Birla College          |
| Class X, SSC                 | 94.80           | May 2019            | Subhedar Wada High School    |

## Skills

- **Programming Languages:** C++, Python, Dart
- **Web Development:** HTML, CSS, JavaScript, React.js, Node.js, Express, Next.js, Socket.io, Tailwind CSS
- **Database Management:** MongoDB, Mongoose, MySQL, Firebase
- **Tools & Platforms:** AWS, Jira, Git, Docker, Selenium

## EXPERIENCE

- Rising Academies** - Software Developer Intern [Project Link](#)  
- Agile, Jira, React.js, Tanstack-Query, Node.js, Express, MongoDB, Git June 2024 - Aug 2024
- Collaborated remotely with a team in **Ghana** to develop and maintain a Student Information System (**SIS**) serving over **400+ active schools** across Africa.
  - Improved performance of the website by **20%** by implementing caching using Tanstack-query. Developed new features and resolved bugs for the project throughout the SDLC. Utilized **Agile methodologies** and tools such as Jira during the development process.
- Computer Society of India - CSI VESIT** - Junior Technical Officer [Certificate](#) | [Play store app Link](#)  
- App development, Events & technical Workshop management, Flutter, Firebase, Git June 2024 - Aug 2024
- Developed app with **100+ downloads**, Worked in a team of 30+ members. conducted technical events and workshops.
  - Hosted "Fluttering into the Future" workshop, a two-day hands-on workshop on integrating API's with flutter app.
- JunoTerra Technology** - App Developer Intern [Letter of Experience](#)  
- Flutter, Dart, Getx, REST API Integration, Git Jan 2023 - Apr 2023
- identified and resolved bugs, **refactored legacy code**, and redesigned the app interface to enhance performance.
  - Implemented **real-time graphs**, daily notifications, and integrated multiple APIs, leveraging **Getx** for state management.

## ACADEMIC PROJECTS

- YTQuickAnswers** - GenAI powered chrome extension [Github Link](#) | [Video Demo Link](#)  
- **Langchain, Mistral LLM, Pinecone, HuggingFace vector embeddings**, React.js, Node.js Apr 2024 - May 2024
- Developed youtube video content summarizer using **HuggingFace** model, implemented chatbot for user queries.
  - Enhanced user productivity by simplifying information retrieval using **Retrieval Augmented Generation (RAG)** by **finetuning Opensource Mistral LLM** model.
- CODE SYNC** - Realtime Code Collaboration Tool [Github Link](#) | [Live Deployment Link](#)  
- React.js, CSS, Node.js, Express.js, Socket.io, MongoDB, Judge0 API Dec 2023 - Jan 2024
- Implemented code editor with multi-language compiler for code execution, **real-time cursors**, and live output sharing using **socket.io**.
  - Enhanced performance using **message queues** for handling long-running programs, and employed **polling algorithm**.

## EXTRA-CURRICULAR ACTIVITIES & CERTIFICATIONS

- **Winner of National Level Healthcare Hackathon 2023** organised by IIIT Sri City [Certificate](#)
- AWS Academy **Cloud Foundations [69355]** AWS skill builder [Certificate](#)
- Selenium WebDriver with Python Automation and Testing - Udemy Course
