EDUCATION:

Vivekanand Education Society's Institute of Technology	2021-2025
- B.E. Computer Engineering Minor Degree in Artificial Intelligence and Machine Learning (AIML) - CGPA: 9.4/10 ptr - Average pointer till 5th semester: 9.33	
Matoshri Prabodhini Junior College of Science	2019-2021
- HSC: 96.8% MHT-CET: 97.53%	
Sou Anandibai Keshav Joshi School, Thane(W) 400604, Maharashtra	2019
- SSC: 93.4% - A grade in Intermediate and Elementary exams	

EXPERIENCE:

Intern at Tata Power	Jun 2024 – July 2024
- Developed a webapp with streamlit which showed the inverter and block level performance for the solar project. - Show cased visualizations with matplotlib and displayed them in a pdf which can be downloaded by the users and also showed the production and DC Connected Values of the inverters.	

PROJECTS:

Parallel Processing and Adjacency Matrix and feature matrix formation with the help of CUDA in association with TIFR (Tata Institute of Fundamental Research)	2023-2024
- Formation of the adjacency and feature matrix with CUDA. - Reducing the time taken in order for the formation of Adjacency Matrix as well as Feature matrix with the help of Pycuda. - Inserting sorting algorithms in order to sort the energies of the electrons.	
TribalHarvest	2023
- Developed an E-commerce website which featured tribal products and handicrafts along with the produces sold by them. - Created a home page along with the products page with the help of MERN stack.
