Profile

Driven Computer Engineering student with a passion for developing innovative solutions. Demonstrated leadership and collaboration skills through successful project execution, fostering clear communication and leveraging strong development expertise. Eager to contribute to a fast-paced environment by applying academic achievements and hands-on project experience.

Education

Vivekanand Education Society's Institute Of Technology	2025(expected)
Bachelor of Engineering, Computer Engineering, CGPI (Up to Semester VI): 9.42/10.0	

Vivekanand Education Society's Polytechnic	2021
Diploma in Computer Engineering, Percentage: 94.97%	

Work Experience

COMTEK SOFTWARE SYSTEMS (Part-Time)	12-2019 to 03-2022
Junior Software Developer	

- Gained practical experience in the Software Development Lifecycle (SDLC) through shadowing senior engineers and attending code reviews.
- Learned and applied testing methodologies, debugging techniques, and version control systems to ensure functionality and identify bugs.
- Completed assigned coding tasks, including writing new functionalities, fixing bugs, and improving existing code.
- Contributed to maintaining clear and up-to-date project documentation.

Projects

FitVision: Smart Posture Analysis for Effective Workouts

- Led a team of four to develop FitVision, a smart posture analysis application designed to improve workout effectiveness.
- Utilized MediaPipe's Pose Landmark Detection for real-time posture analysis during exercises.
- Designed a user-friendly website using Flask, featuring exercise selection, form analysis, and appointment booking with healthcare professionals.
- Integrated functionality for users to connect with physiotherapists, doctors, and personal trainers for personalized guidance.

PoshPicks: Why Buy When You Can Rent?

- Designed an intuitive user interface using Figma, ensuring a seamless user experience.
- Developed the PoshPicks mobile app using Flutter, enabling users to browse, select, and rent a wide range of items, with secure user authentication
- Integrated the FakeStoreAPI to provide a robust backend for item listings and rental management.

Certifications

2023-24 Tableau Certified Data Analyst Training by Jed Guinto
